Now, I have a job, but not suit to me, I know it. I don't like handle Negro's wear also I can't stand work by the order who has no system as like as Mr Lake, Captain of Bellman.

So I decided quit my work and go to big city where I will get job easy also there are more chances for study. Am very very sorry to say "good bye", but I believe you will pardon me.

Dear Sir:- May I ask you that can you give me the arrangement which let me contract the work of Valet Shop. I mean just same as a contractor when he makes contract for something, he will do anything what he want for the works.

I wish to have \$60⁰⁰ per month without room. Of course, sure there is no trouble Valet Shop or Lettering etc. Please let me talk why I asked about these, for which only I wish study little more the lessons from the school also about photography. I need the place where further from noise and the room for photographic purpose. So I expect rent a small house.

Please pardon me much troubled you.

Miss L. Scott,

Dear Madam:-

Am awful sorry to say "Good bye" about May 15th.

As you know, am a student who has an ambition, who wishes good future, and I know, I am not the man who suitable the position as Valet, it is so far away from my purpose. I intend International Correspondence School and getting lessons of Metal prospector's Course, so I made up my mind go to Middle West States where more convenience, there are more chance.

If God favor me, I will find some mine, when that chance came I will let you know at first.

Ask Mr Leely a recommendation for me if you please.

Hoping you are all well and see you again near future.

Dear Sir:-

On accordance with Mr Burke's advice I went down town talk about Barbar trade with Mr Chas. Williams who is proprietor of Antieptii Barbar shop.

He gave me a suggestion that "go down to Atlanta (I know, there are some Barbar school at Spatsburg, Greensboro but I pick up Atlanta, because you must learn first class barbari work) get in Atlanta Barbar College and get lesson about 4 weeks, it cost you about \$100⁰⁰, ofcause it include, Tuition fee, room & board, car fare etc. I believe you become No 1 A barbar when you finish the course"

I wrote to them, send me circulation so I will get it within a few days.

Will you loan me that amount and 4 weeks time? If so I am glad go down finish my lessons.

Anyhow I will help Gene till you get good Head Porter as Mr Burke told me this afternoon.

I believe, I become good barbar than Porter's work.

Mr. F. L. Seely,
Asheville, N. C.

Dear Mr. Seely;

I hope you are feel fine these unusual cold spell in this time in year, I am physically fine shape but financially not so good.

I made shake up June 1930 got over Creasman family and formed corporation with Mr. Don Topping (Mr. Roger Miller's brother in law). That Fall I made trips into the Great Smoky Mountains with National Park Service officials and Appalachian National Park Commission, then I went Blowing Rock, when I returned had terrible attack with septic soar throat went to hospital and laid up nearly 6 weeks, when I able to start work there were quite excitement that banks bursting.

June 1931 while I was attending Appalachian Trail Conference at Gatlinburg, Tenn., our corporation bursted when Mr. Topping walked out who was President and treasurer, Mortgage Co., took over everything.

When I returned I found this change, so I made arrangement with Mortgage Company took over business, because I hate to loose all my negatives, since that time I am doing business by myself, indeed it is hardest thing to get right kind party in these days.

I have been studing past several years about Post Card business and found out that most every tourist want them badly, they don't buy 50 or 75 cents photograph any more, they don't want pay more ^{than} 25 cent, they don't like cheap penny post card still want better grade some post card so we can furnish them ~~is~~ FIVE CENTS post card, thats what exactly they want.

Last year some out of town firm published these card and sold quite many, so if I don't start this year sooner or latter they get profits, so I decided better put them in market as I have quite numbers of views of Western North Carolina.

National Park Service announced that there were 151,000 visitors in Great Smoky Mountains National Park during 1931, if so I am sure total of all resort places in this section we have the visitors 5 times more than Smoky Park, thus amount 755,000 so grand total 906,000. If I can sale post card ONE to every 3 tourists, still it amount 300,000, it means more advertising of this section beside I can make profit \$ 14. per 1000.

in this month, otherwise I don't know what will be.

Two weeks ago, South Carolina Highway Commission
sent Mr. Kester who is Suprintendent of Supply State Highway Dept.
to me wanted quataations of producing Motion Pictures, so gave him
all datas, cost and etc. They want make this motion pictures
shows to public "What S.C. are doing" in S.C. Building at Chicago
Exposition 1933, if I can get this job I will have money to pay
back to you with 10% interest, and he told me sound good so it is
very hopeful.

Please lend me the amount above mentioned and pull me
out from this deep hole, then I might get in my foot again.

Thanking you for your favor, I am,

Very sincerely yours,

George Masa
